On Demand **SCAN. PRINT. COPY.** Functionality!

Solution

Speed up crucial business communication time! Print, markup changes, scan & email in minutes! Retain complete control over time sensitive deadlines! Archive your important, irreplaceable, and fragile backup files! Print full and half size copies for field use!

Our Large Format Multifunction Systems combine Best-of-Breed technology from Graphtec, Canon and Paradigm Imaging to produce a state of the art solutions for FM's, CAD/GIS and Reprographics. Manage and electronically distribute wide format documents for technical and graphic arts solutions with our array of large format copiers, scanners, printers and document imaging workflow software. Our large format scan, print and copy solutions provide maximum flexibility to meet your needs at an affordable price.

Ease of Use

Powerful ImageFLOW™ software is touch screen driven for simple to use interface and no more complex than a standard office copier. Puts capability in the hands of non-technical users. Scan, Print & Copy from one simple interface. Save common settings for repeat use.

Cost & Time Savings

Lowest entry cost of equipment in its class. Lowest total cost of ownership over the life of the system. Flexible designs allow for software and hardware changes removing expensive technology obsolescence. Scan a D-Size drawing in seconds.

Reliability

Lowest service rate of any scanner in its class. Proven hardware and software solutions from Paradigm Imaging, Canon, & Graphtec. Full One Year Warranty. Lowest maintenance requirement of any comparable system.

Powerful Functionality

ImageFLOW™ Controller software provides a full Adobe PS3 RIP solution. Upgradeable and scalable RIP software provides production flexibility. Submit sets of drawings for processing & printing "Big Button" interface provides extreme ease of use.
