# Introducing Just in Time Banner Production

## IT'S EASY:

Simply load a roll of Mutoh's Ready2Print pre-grommeted banner material, use the formatted templates for easy layout and design, then print. You will be producing finished banners as fast as you can print them! The 1204GA also prints on standard banner and vinyl material as well as all of the most popular inkjet media. Simply install the grommet groove covers on the feed table and you are producing traditional signage including: POP displays, vehicle graphics and decals, directional signage, floor graphics, trade show graphics, banners and posters.

*Mutoh's Ready2Print pre-welded & pre-grommeted banner material*

## IT'S PROFITABLE:

No more costly grommet presses, no more time wasted punching or hemming banners, no more space wasted with additional equipment, no more labor costs associated with finishing your banners and no more outsourcing banner production. With the new ValueJet 1204GA you simply print and hang!
